FOR IMMEDIATE RELEASE

### Ribbon Cutting Ceremony at Stormy Point Village

VPG Partners, LLC is proud to announce the grand opening of the Stormy Point Village Clubhouse and Resort Center in Branson, Mo., on Wednesday, April 18, 2007.

Ambassadors from the [Branson Lakes Area Chamber of Commerce](#) will be attending to assist with the ribbon cutting. The ceremony will begin with a tour of the Clubhouse and a brief question and answer session followed by a champagne toast and New England-style cuisine catered by [Café Van Go](#).

Stormy Point Village, a [Festiva Resort](#) located on Table Rock Lake, was designed by Stephen Busch in the style of a Cape Cod fishing village. The 13,000 square foot Clubhouse embodies the nautical theme of the resort and features a 70-foot lighthouse that boasts magnificent views of the lake and surrounding property. The lobby of the Clubhouse is elegantly appointed with a mural of Table Rock Lake on the lofty ceiling, a massive two-story stone fireplace, abundant seating and a spacious front desk area.

Other amenities in the Clubhouse include the Lighthouse Bar & Lounge, a video game room, meeting space and a state of the art fitness room, a dry sauna and locker rooms. Flat screen televisions adorn the walls throughout the lobby, bar and fitness center. Guests can also take advantage of a large indoor heated pool, an outdoor heated pool with a fountain, a hot tub and a walk-in kiddy pool complete with a waterfall. Discounted tickets for shows and attractions can be purchased at the Stormy Point Store gift shop.

“The creative theme of this structure and the resort resulted from collaboration with my partners, Mr. Darren Abbott and Dawn Joyce,” said VPG partner Pat Joyce. “We started the project in 2004 and will eventually develop 300 cottages on 40 acres of land.”

Stormy Point Village first opened for occupancy in the summer of 2006. Currently there are more than 70 quaint two and three bedroom cottages available for owners and guests, and 25 more will be opening by the beginning of May.

VPG Partners, LLC would like to thank [WoodStone Builders](#) of Nixa, M.O., for providing construction services and [First Community Bank of the Ozarks](#) in Branson for construction financing. The Executive Administrator of Development is VPG partner Richard Dowdell.

Festiva Resorts, based in Asheville, N.C., is currently among the largest privately held vacation ownership and hospitality businesses in the country, and currently manages and operates properties in the Midwest, Southeast and Caribbean.
